

**Re: Testimonial for the Relax Far Infrared Saunas
2007- 2008 Before & After pictures of Karen Russell**

Karen reports that after 2 1/2 years of struggling with heavy metal toxicity (mercury, lead, etc.), 5 weeks of using the Relax Sauna finally brought her levels of mercury and lead down to normal.

Note: Karen had already lost some weight before getting the Relax sauna. However, after using the sauna, her skin texture dramatically changed, her cellulite decreased 65-70% , her skin was no longer dry, & her fat content went from 38% to 20%.
